15235BV-PKG	Ultra-Light Full-Electric Low Bed with Full-Length Side Rails (item # 15001ABV) and 80" Innerspring Mattress (item #15006)	1/cs
15235BV-PKG-T	Ultra-Light Full-Electric Low Bed with Full-Length Side Rails (item #15001ABV) and 80" Therapeutic Support Mattress (item #15019)	1/cs
15235BV-PKG-1	Ultra-Light Full-Electric Low Bed with Half Rails (item #15201BV) and 80" Innerspring Mattress (item #15006)	1/cs
15235BV-PKG-1-T	Ultra-Light Full-Electric Low Bed with Half Rails (item #15201BV) and 80" Therapeutic Support Mattress (item #15019)	1/cs
15235BV-PKG-2	Ultra-Light Full-Electric Low Bed with Full-Length Side Rails (item #15001ABV) and 80" Foam Mattress (item #15007)	1/cs

- The Delta 1000 is truly universal because the bed frame can be used with Drive's and most other manufacturers' bed ends, old and new.
- The transition box mounted on the foot section is key to interchangeability. (Figure A)
- The transition box allows you to change the rotation of the high/low shaft.
- Headboard is taller than footboard to better fit home decor. (Figure B)
- The wood grain panels are break and scratch resistant.
- Once installed, the high/low shaft will stay with the bed to eliminate loss or forgetting on future installations. (Figure C)
- Labels and color-coded springs assure accurate installation of side rails for patient safety. (Figure D)
- Unique motor is completely self-contained to reduce weight and noise.
- 9 ½" to 23 ½" deck height.
- Easy to set up.
- Top mounted Hi/Lo crank accessibility.
- Height-adjustable motor comes pre-installed on the foot section.
- Caster easily moves from standard to low bed position.
- The motor assembly can be installed and removed with patient in bed.
- Bed, side rails and mattress safety-tested by SGS, a nationally recognized testing facility. Satisfies all applicable FDA entrapment guidelines.
- The motor is UL approved.
- In the event of a power failure, a 9 volt battery, located in the hand control, can lower the head and foot sections nine times.
- New and improved hand pendant has large, easy-to-use controls. (Figure E)
- Bed ships in two cartons.
- Hand crank located on the top of the footboard prevents bending for the caregiver when in the low position. (Figure F)
- Channel frame construction provides superior strength and reduced weight.
- Zinc-coated spring deck.
- Extension kit available (model #15030EXTKIT) extends length from 80" to 84".
- Patent Pending.
- Weight Capacity 450 lbs.

specifications	
Bed Height Minimum Without Casters	9.5"
Bed Height Maximum With Casters	23.5"
Unit Dimensions	36" (W) x 88" (L)
Weight	175 lbs.
Carton Shipping Weight	191 lbs.
Weight Limit	450 lbs.
